COMPUTER SCIENCE STUDENT

19,FEMALE

https://www.linkedin.com/in/aaradhya-dhiman-328a9a381?utm_source=share_via&utm_content=profile&utm_medium=member_android

A highly motivated first-year Computer Science student with a growing foundation in programming, data structures, and web development (HTML, CSS, JavaScript). Currently learning C and C++, with basic knowledge of Python. Possesses strong problem-solving and analytical skills, with hands-on experience in beginner-level projects. Actively seeking opportunities to learn and apply technical skills in real-world scenarios.

EDUCATION

BACHELOR OF TECHNOLOGY (B.TECH) IN COMPUTER SCIENCE

QUANTUM UNIVERSITY,1ST YEAR STUDENT

- LEARNING C,CPP AND BASICS OF PYTHON

HIGHER SECONDARY (CLASS XII)

ASHA MODERN SCHOOL,CBSE,2024-2025

- SCORED 70%

SECONDARY (CLASS X)

ASHA MODERN SCHOOL,CBSE,2022-2023

- SCORED 80% OVERALL AND 92 IN INFORMATION TECHNOLOGY

INTERSHIPS

Tech Explorer Job Simulation – Forage

- Completed a virtual job simulation program focused on real-world technology roles and tasks. Gained hands-on experience in software engineering, requirements gathering, identity and access management, and data-driven decision-making. Developed practical skills by building a CSS widget, analyzing technical requirements, and applying data science concepts to targeted online advertising.

Introduction to Software Engineering Job Simulation – Forage

- Completed a virtual job simulation focused on foundational software engineering concepts. Gained hands-on experience in website development, including creating and styling web pages using HTML and CSS. Explored basic cybersecurity concepts in financial systems and developed an understanding of web hosting by preparing a hosting proposal.

ACADEMIC PROJECTS

PERSONAL PORTFOLIO WEBSITE

- Developed a dynamic and user-friendly portfolio website to present technical skills and projects. Built a dynamic multi-page portfolio using HTML, CSS, and JavaScript with sections for projects, skills, and career domains
- Implemented search functionality, smooth navigation, and interactive UI elements Designed a responsive and
- accessible layout for seamless user experience across devices

Career path website

- Designed and developed a Career Path section to help users explore different technology domains
- Organized content into categorized career options with detailed pages (skills, tools, guidance)
- Integrated search functionality and navigation for easy exploration Built an interactive,
- user-friendly interface to enhance user engagement

Calculator

- Developed a console-based calculator using C/C++
- Implemented core arithmetic operations with input validation
- Designed a simple, user-friendly interface with error handling
- Structured logic using functions and control statements

SKILLS

Technical Skills: C,CPP,HTML,CSS,Python(Basics)
Soft Skills: Teaching and mentoring Teamwork,Promblem-Solving,Communication,Time Managemant

Experience

- Taught basic programming,computer fundamentals and maths concept
- Improved students problem-solving and understanding
- Balanced teaching with academic studies

CERTIFICATES AND ONLINE COURSES

Introduction to Python – Saylor Academy

- Completed an online course on Python programming fundamentals via Saylor Academy
- Learned core concepts including variables, data types, loops, conditionals, and functions
- Developed basic skills in problem-solving and logical thinking using Python Gained understanding of
- writing, debugging, and structuring simple programs

Cybersecurity Hands-on Workshop – ByteMinders Edutech Pvt. Ltd. (Jan 2023)

- Learned basics of cybersecurity, online threats, and data protection
- Gained practical knowledge of safe internet practices and security awareness

SCHOLASTIC ACHIEVEMENTS

MLSA Python Showcase – Microsoft Learn Student Ambassadors

- Designed and showcased a Python project demonstrating programming fundamentals
- Applied concepts like logic building, problem-solving, and basic data handling
- Gained experience in presenting technical work and project explanation
